-Personal Friendship-

WE ARE BELIEVERS IN FRANKNESS. ADVOCATES OF FACING EVERY ISSUE WITH OPEN MINDS AND HONEST HEARTS. Neither are we an exception. Vernon folks have, as a rule, always been of this disposition and this has been one of the contributing factors to the upbuilding of our city and its institutions.

OUR MUTUAL INTERESTS HAVE BEEN THE INSPIRATION OF THE PAST AND WILL BE OF THE FUTURE. The relations of the Business Men of Vernon and its citizens have been peculiarly interwoven in the work which has already been done towards our city's advancement. But we feel it to be your desire and theirs to have even a better understanding prevail THAT WE ALL MAY LABOR WITH A COMMON PUR-POSE AND AN UNITED EFFORT.

WE FEEL THERE IS NO PRICE WHICH CAN BE PUT UPON THE VALUE OF PERSONAL FRIENDSHIP. And whether we are intimately acquainted or not, it one thing which all of we Vernon people possess for each other in the fact that we are all Vernon folks. It is this idea that prompts us to urge a greater allegiance to our community BY A MORE SOLID BACKING OF ITS BUSINESS INTERESTS.

Isn't it worth something to you, to spend your money with Vernon business institutions whose owners are Vernon men and women like yourself? Isn't it satisfying to you to feel that when you hand over your money in exchange for Merchandise or Service, that you are handing it over to someone who is, at heart, INTERESTED IN YOU AND YOUR EXISTENCE IN THIS COMMUNITY?

Doesn't it make your blood surge a little more rapidly to know that this transaction between individuals is not just a cold, lifeless happening of business but instead is warmed by the knowledge THAT YOU ARE A LOYAL CITIZEN TO THE INTERESTS OF YOUR TOWN; that you are dealing as friend with friend and to the mutual advantage of both yourselves and your community?

Contrast with this if you will the spending or sending of money from Vernon and you will instantly picture a business transaction with strangers WHO CARE NOT NOR CONCERN THEMSELVES WITH YOU OR YOUR FUTURE WELFARE IN THE SLIGHTEST. What happens to you, your family, your dollars or your property is entirely foreign to this transaction. It is a severe, calculating business procedure where both of you stand as strangers with no community of interests or aspirations. The dollar you spend is the basis of operation. A sordid business transaction the result.

We want you folks to think about this the next time you make your purchases. The Druggist, the Clothier, the Baker, the Plumber-in fact, every Business Man of every line represented in Vernon-is at your ser-

# The Business Game

To us Business is the greatest of all games, perhaps because we don't have much time to play anything else, anyhow besides a living we get lots of fun out of what we are doing and try to play the game fairly and squarely.

As we see it, business should be played with the same fine sense of honor and honesty as obtained in any other game. We know no reason why in business the Golden rule should not govern as in other games and firmly believe our efforts to practice what we preach in all our dealings is what

Under this plan Sunday school is cut short about fifteen minutes and the pastor delievers a twenty minute sermon which, after allowing for gathering in the main auditorium, takes only one hour and ten minutes for the Frank B. ### EDITORIAL

### -Personal Friendship-

WE ARE BELIEVERS IN FRANKNESS. ADVOCATES OF FACING EVERY ISSUE WITH OPEN MINDS AND HONEST HEARTS. Neither are we an exception. Vernon folks have, as a rule, always been of this disposition and this has been one of the contributing factors to the upbuilding of our city and its institutions.

OUR MUTUAL INTERESTS HAVE BEEN THE INSPIRATION OF THE PAST AND WILL BE OF THE FUTURE. The relations of the Business Men of Vernon and its citizens have been peculiarly interwoven in the work which has already been done towards our city's advancement. But we feel it to be your desire and theirs to have even a better understanding prevail THAT WE ALL MAY LABOR WITH A COMMON PUR-POSE AND AN UNITED EFFORT.

WE FEEL THERE IS NO PRICE WHICH CAN BE PUT UPON THE VALUE OF PERSONAL FRIENDSHIP. And whether we are intimately acquainted or not, it one thing which all of we Vernon people possess for each other in the fact that we are all Vernon folks. It is this idea that prompts us to urge a greater allegiance to our community BY A MORE SOLID BACKING OF ITS BUSINESS INTERESTS.

Isn't it worth something to you, to spend your money with Vernon business institutions whose owners are Vernon men and women like yourself? Isn't it satisfying to you to feel that when you hand over your money in exchange for Merchandise or Service, that you are handing it over to someone who is, at heart, INTERESTED IN YOU AND YOUR EXISTENCE IN THIS COMMUNITY?

Doesn't it make your blood surge a little more rapidly to know that this transaction between individuals is not just a cold, lifeless happening of business but instead is warmed by the knowledge THAT YOU ARE A LOYAL CITIZEN TO THE INTERESTS OF YOUR TOWN; that you are dealing as friend with friend and to the mutual advantage of both yourselves and your community?

Contrast with this if you will the spending or sending of money from Vernon and you will instantly picture a business transaction with strangers WHO CARE NOT NOR CONCERN THEMSELVES WITH YOU OR YOUR FUTURE WELFARE IN THE SLIGHTEST. What happens to you, your family, your dollars or your property is entirely foreign to this transaction. It is a severe, calculating business procedure where both of you stand as strangers with no community of interests or aspirations. The dollar you spend is the basis of operation. A sordid business transaction the result.

We want you folks to think about this the next time you make your purchases. The Druggist, the Clothier, the Baker, the Plumber-in fact, every Business Man of every line represented in Vernon—is at your ser-

## The Business Game

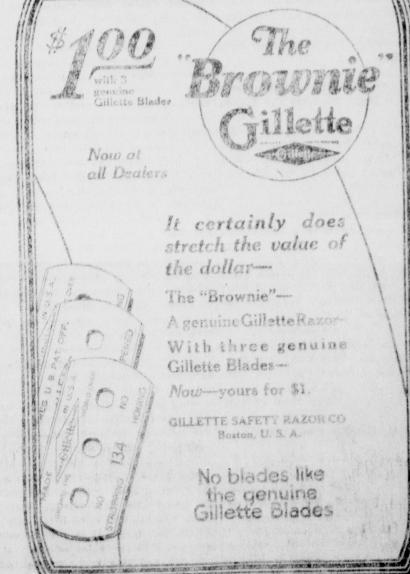

To us Business is the greatest of all games, perhaps because we don't have much time to play anything else, anyhow besides a living we get lots of fun out of what we are doing and try to play the game fairly and squarely.

As we see it, business should be played with the same fine sense of honor and honesty as obtained in any other game. We know no reason why in business the Golden rule should not govern as in other games and firmly believe our efforts to practice what we preach in all our dealings is what

makes the game so fascinating. Parker-Donges Grocery and Market

The new idea of a combination ser-

The idea of combining the Sunday school and preaching service was proposed by Rev. E. L. Under this plan Sunday school is cut short about fifteen minutes and the pastor delievers a twenty minute sermon which, after allowing for gathering in the main auditorium, takes only one hour and ten minutes for the Frank B.
